

Brand Name - Chamatkar Gr
Group Name - Plant Growth Regulator

Tech. Name - Bio-Stimulant

Application : A powerful biostimulant for enhanced yields. Chamatkar Gr when applied acts either by adsorption or by plant cells. Chamatkar Gr activates various physiological and biochemical processes resulting in increase of functional molecules like enzymes, vitamins etc. which ultimately lead to increased productivity, better quality and growth of plant and produce.

Crops : Wheat, Paddy, Soyabean, Potato, Groundnut, Banana, Grapes, sugarcane, Tomato, Brinjal, Cucumber, Chillies, Cotton

Doses Recommended :

Dosage : 5 kg. It can be used twice per acre with manure and micro nutrients at an interval of 25 days.

Pkg. Sizes	5kg	10kg
Pcs/Box	5 x 2	10 x 1
Total Qty.	10 Kg. (Plastic Jar)	10Kg. (Bucket)

Packing Material : Bucket
